

The USC Crew Team is funded entirely by donations, fund-raising activities, and member fees. Crew benefits many students from the Upper St. Clair School District, providing a “club” sport which allows participation at the local, regional, and national levels. Several of our graduates have been the beneficiaries of college scholarships directly related to rowing. Membership on the Crew Team instills life skills in leadership, dependability, responsibility, and teamwork.

2010-2011 Donations & Sponsorship Program

USC Crew posts a large banner with corporate sponsors on our tent at each of our 2010-2011 events including Head of the Ohio (October 9th). This multi-state event along the Allegheny River is attended by thousands of people who will see our sponsor list. This banner will also be displayed at our Engine House Adult Celebration (November 6th) followed by the Pittsburgh Sprints Regatta (Moraine State Park) and Upper St. Clair Community Day.

Consider donating gift cards, products or contributing to the USC Crew Team in one of these categories:
